COMPANY SUPERVISOR'S FINAL INTERNSHIP PERFORMANCE EVALUATION

REPORT

Official Academic Assessment & Completion Certification for Student Abdi Abiot (ID: DDU1500744)

Student Name: Abdi Abiot

Student ID: DDU1500744

Program: BSc in Software Engineering (4th Year)

Host Company: SORARDI PLC

Tenure Duration: March 15, 2026 – July 15, 2026 (4 Months / 16 Weeks)

Primary Project: WorkBridge Platform

1. EXECUTIVE OVERVIEW & INTERNSHIP CERTIFICATION

This official performance report is submitted by **SORARDI PLC** to certify that **Mr. Abdi Abiot** (Student ID: DDU1500744) has successfully and satisfactorily completed his 4-month (16-week / 8 Agile Sprints) industrial software engineering internship between **March 15, 2026, and July 15, 2026**. He was embedded directly into our core product development department under the mentorship of Lead Software Architect **Mr. Dawit Tesfaye** and Director of Engineering **Mr. Busha Dinsa**.

2. SCOPE OF ASSIGNED ENGINEERING RESPONSIBILITIES

Mr. Abdi Abiot was assigned primary architectural and full-stack engineering responsibilities on **WorkBridge** (a multi-tenant skilled labor marketplace) and secondary module development for client systems (**LuckyEthio, Restaurant Contactless QR Menu, and AxumMarket**). His work encompassed Turborepo monorepo scaffolding, Next.js 16 SSR frontend interfaces, Express.js REST API design, MongoDB Atlas NoSQL modeling, stateless JWT + Google OAuth 2.0 authentication, freemium quota middleware, simulated digital payments (Telebirr/CBE/Chapa), and dedicated Admin moderation desks.

3. COMPREHENSIVE EVALUATION RUBRIC & SCORE

No.	Evaluation Criteria	Max Score	Awarded	Rating
Technical Competence & Code Quality: Full-stack				
1	TypeScript, React 19, Next.js 16, Node.js API, clean architecture.	30%	29.5%	Outstanding
System Architecture & Problem Solving: Monorepo design,				
2	NoSQL schema design, OAuth state resolution, TLS debugging.	25%	24.5%	Outstanding
Productivity & Milestone Delivery: Completed all 8 sprint commitments, meeting all feature deadlines on schedule.				
3		20%	19.5%	Excellent
Agile Teamwork & Code Reviews: Active standup				
4		15%	14.5%	Excellent

No.	Evaluation Criteria	Max Score	Awarded	Rating
	participation, peer review etiquette, and clear documentation.			
	Punctuality, Professional Ethics & Attendance: 100%			
5	attendance (80 days, 0 absent), IP security, professional conduct.	10%	10.0%	Perfect
TOTAL FINAL EVALUATION SCORE: 100% 98.0%				EXCELLENT (A+)

4. SUPERVISOR QUALITATIVE ASSESSMENT & ENDORSEMENT

Mr. Abdi Abiot is an exceptionally gifted, disciplined, and proactive software engineer. He achieved a 100% green pass on all static analysis quality gates (pnpm check-types and pnpm lint with zero warnings). The reusable component library (@repo/ui) he engineered has been adopted across other client projects within SORARDI PLC.

We strongly recommend and endorse Mr. Abdi Abiot for highest academic honors in his undergraduate defense, and our company has extended an open offer for graduate software engineering employment upon his graduation.

Mr. Dawit Tesfaye

Lead Software Architect & Technical Mentor, SORARDI PLC

Signature & Date: July 15, 2026 G.C.

Mr. Busha Dinsa

Director of Engineering & Company Supervisor, SORARDI PLC

Signature & Date: July 15, 2026 G.C.
