COMPANY SUPERVISOR FINAL INTERNSHIP EVALUATION REPORT

Performance and Attendance Assessment for Student Abdi Abiot (ID: DDU1500744)

Student Name: Abdi Abiot

Student ID: DDU1500744

Program: BSc in Software Engineering (4th Year)

Host Company: SORARDI PLC

Internship Period: March 15, 2026 – July 15, 2026 (4 Months / 16 Weeks)

Work Schedule: 3 Days / Week (Monday, Wednesday, Friday)

1. SUPERVISOR STATEMENT ON STUDENT WORK

This is to confirm that **Mr. Abdi Abiot** has completed his 4-month software engineering internship with **SORARDI PLC** from March 15, 2026 to July 15, 2026. He worked on our company schedule of **3 days per week (Monday, Wednesday, Friday)** for 8 hours each shift, while reserving Tuesdays and Thursdays for his university studies.

2. PRACTICAL TASKS ACCOMPLISHED BY THE STUDENT

During his internship, Abdi worked on our main skilled-worker platform called **WorkBridge** and assisted with small tasks on other client websites. His daily work included:

- Setting up the project repository using Turborepo and Next.js 16.
- Building the worker search page, trade categories (electricians, plumbers), and profile pages.
- Creating user login, password encryption with Bcrypt, and Google sign-in.
- Developing client job posting forms and worker application buttons with a limit of 5 free applications per month.
- Building a working mock checkout popup simulating Telebirr and CBE Birr payments for Pro subscriptions.
- Assisting with mobile UI buttons and cards for LuckyEthio and Restaurant QR Menu projects.

3. PERFORMANCE SCORING & EVALUATION RUBRIC

No.	Evaluation Criteria	Max Score	Score	Rating
1	Technical Skill & Code Quality: Practical use of React, Next.js, TypeScript, Express API, and database.	30%	28.5%	Excellent
2	Problem Solving & Learning: Ability to fix bugs, solve login issues, and learn new tools quickly.	25%	23.5%	Very Good
3	Task Delivery: Completing weekly tasks on time and testing features before submitting.	20%	19.0%	Excellent
4	Teamwork & Communication: Asking questions, attending morning standups, and accepting feedback.	15%	14.0%	Very Good
5	Attendance & Conduct: Attended 46 working days out of 48 shifts (2 excused absences for university meetings).	10%	9.5%	Excellent
TOTAL FINAL GRADE:				100% 94.5% EXCELLENT (A)

4. SUPERVISOR REMARKS & RECOMMENDATION

Abdi is a hardworking, polite, and motivated student engineer. He writes clean code and understands full-stack web development well. He took 2 excused days off during the 4 months to meet his university advisor, which was approved in advance. The WorkBridge codebase he helped build has been tested and handed over to our engineering team. We are pleased with his work and recommend him for high graduation honors.
